## 1 TIME LOGGING

No matter if your employees are designers, cleaners, accountants, sales etc - they must now log **ALL** of their time!!

## 2

## HISTORICAL ACCESS

You must keep the time logs for exactly 5 years - and delete anything older **EVERY DAY!!**

And ensure each and every employee has **LIVE ACCESS** to the all your logged data.

## 3

## COMPLY

You **MUST** ensure that no employee works more than 48 hours consistently over a 4 month period.
